Saturday Evening With Randy Mac

"If laughter really IS good medicine, with Randy Mac around.....there's a doctor in the house!"

I'm proof-positive that one can be extremely CLEAN and plenty FUNNY! I've been entertaining for years. I've worked with many churches and ministry-related groups, but I've also provided many programs for corporate, civic, and private groups as well.

Life is an adventure. I'm livin' it up!
